Farmer Wounds Two Tear Gas Ends Milam Shootout

By Robert Mann
Herald News Editor

Milam County Sheriff Carl Black Wednesday filed charges of assault with intent to murder against Elton Schiller, about 45, captured Tuesday following wounding of Black and Schiller's father, Ed Schiller, about 80.

Sheriff Black extended his appreciation to all the law officers from several Cen-Tex cities who assisted in Schiller's capture.

The Milam County farmer, Elton Schiller, about 45, went berserk, stripped off his clothes and shot and wounded his own father and Milam County Sheriff Carl Black in a shooting skirmish Tuesday afternoon.

The three-hour ordeal ended when about 25 law enforcement officers from Waco and Temple arrived on the scene and fired blasts of tear gas into Schiller's house. The 240-pound, former mental patient staggered out of the house, wearing only a pair of pants, and was subdued by five lawmen, handcuffed and carried to Milam County Jail.

The incident occurred about 1:30 p.m. in the Vogelsang Community 12 miles northeast of Cameron.

Black and the farmer's father Ed Schiller, about 80, have been treated for superficial wounds.

Black was struck by pellets from

a 12 gauge shotgun in his left hand and Schiller, was struck in the knee.

TELEPHONE MEN DENIED

The shooting spree was triggered Tuesday morning when Schiller would not allow telephone repairmen in his house. Later he was seen walking around his home with a shotgun.

Various complaints to the Sheriff's office said that "something was wrong and that Schiller should be checked."

Black contacted Schiller's father and told him that he was on his way to the Schiller Farm and for him to meet him there.

Sheriff Black picked up Justice of the Peace Jess Brock and Constable Marshall Terry enroute to the Schiller farm, located on a dirt road off of FM road 1444, three miles north of Ben Arnold.

ENROUTE TO HOSPITAL

Black met the elderly Schiller, about 80, and another son, Alvin, on the highway. They were enroute to a hospital.

The senior Schiller said that his son, Elton, had started shooting at them as soon as they pulled into the driveway. He was hit in the knee.

Black rushed to the Schiller farm, pulled into the drive, where Schiller was standing nude on the front porch with a 12 gauge shotgun.

GRABS RIFLE

He immediately opened fire on the three lawmen.

Sheriff Black grabbed his Winchester carbine and returned fire. Schiller fired six times and Black four.

Pellets struck Black's hand, coat sleeve, and Marshall Terry's Western hat.

He continued firing into the sheriff's car, knocking out the front windshield, headlights, and a red blinker light. Shot also punctured the car's radiator.

Black's coat sleeve was hit by pellets but they failed to penetrate.

Black reached his car radio and called Cameron Highway Patrolman Durwood Kennedy to the scene.

When Kennedy arrived he called Waco and sent instructions to Rangers and patrolman to bring tear gas to the Schiller farm.

TRIED TO REASON

Black attempted to talk Schiller into surrendering after the tear gas arrived.

Schiller walked out on his front porch wearing only a shirt but as Black approached, he ran back into the house, grabbed the shotgun and opened fire on Black. The sheriff hit the dirt and crawled to cover, giving instructions for the other officers not to kill Schiller.

Four pellets of tear gas were fired into the house forcing Schiller into the open.

Black told him to raise his hands over his head and as he did, five officers grabbed the 240 pound man, handcuffed and put him in leg irons.

He was carried to Milam County Jail where he was being held Wednesday.

OSCAR COOK SANITY TRIAL IS DROPPED

A pre-trial sanity hearing scheduled for Oscar Cook last Tuesday was cancelled by his attorneys, according to County Attorney, John Henderson, Jr.

Cook is charged with the gun-fight murder of his mother - in-law, Mrs. Dan Crow, of Davilla, and three counts of assault with intent to murder.

Cook's attorney filed the motion to obtain permission to withdraw the sanity hearing in district court and Judge Bill Wallace granted the request.

"This means that the defendant's present mental condition will not be an issue in the case," said Henderson.

The murder trial for Cook is set for Monday, October 7 in Milam County Courthouse before Judge Wallace.

Milam Declared Disaster Area

A telegram was received August 26 by the Milam County ASCS from the State Disaster Committee advising that the Secretary of Agriculture has approved Milam County as a disaster area.

"This approval means that grazing and harvesting of hay on soil bank, feed grain and wheat stabilization diverted acreage will be permitted, provided that application is made by the producer for such use of the land," according to Alva Sanders, ASCS office manager.

The Milam County Disaster Committee was instrumental in having the county approved for the seasonal grazing and haying. This committee met about six weeks ago and requested the State Disaster Committee to declare Milam County as a disaster area. Members of this committee are Ted Ford, Agricultural, Stabilization, and Conservation Service; J. D. Moore, Federal Extension Service; and Henry Ivey, Farmers Home Administration.

Minimum rates for grazing set

by the State Disaster Committee are \$1.25 per acre per month, average. Rates are set up for three categories of cover; namely, poor, fair and good. Monthly rates for grazing poor clover will be \$1.25 per acre; fair-\$1.50, good-\$2.00.

"The charge for harvesting hay will be \$6.00 per acre for poor cover, \$8.00 for fair, and \$10.00 for good," Sanders added. "Hay may be sold within the disaster area, but the price must not exceed \$25.00 per ton."

Producers may relet grazing and haying privileges to others, but maximum charges are set in order to prevent profiteering. The grazing rates may not exceed \$2.25 for poor cover, \$2.50 for fair and \$3.00 for good.

Participants in the soil bank, feed grain and wheat stabilization programs were cautioned not to graze or hay CR land diverted acreage until after filing application and receiving approval by the county committee. Such action would result in forfeiture of all payments under the programs.

Cameron Police Nab Shoplifters

The last of a group of shoplifters who hit the Milam area for \$412.53 in merchandise early last week was tried in City Court Tuesday morning.

Three of the group were fined \$25, and released while Adelmira Perez, 20 was fined \$50 and turned over to Rosebud City Marshall, Edwin Brockenbush.

A 15 year - old girl, also arrested with the group, was released to her parents after arrest. No charges were filed against her. The youths, all from Robstown and employed as cotton - pickers, were arrested by Brockenbush in Rosebud Tuesday evening, August 20.

Their looting started in Rockdale where merchandise was taken from J. B. White Dept. Store, Kay's Dress Shop, Marie Anne's Shoppe, and Perry's Hardware. This amounted to \$82.35.

The group moved to Cameron and took a \$225 watch from Wilson's Jewelers; a pair of pants valued at \$9.95 from Penney's; a \$1.98 shirt from Goldfarb's; and \$30.80 worth of merchandise from the Leader Department Store.

Reports started coming into the Cameron Police Department of missing merchandise. Chief Elvin Hoskins talked with Brockenbush Tuesday afternoon by telephone and he reported similar complaints.

Brockenbush arrested the youths in Rosebud and carried them to the City Jail in Cameron. They took about \$50 worth of merchandise

from Rosebud stores. Pedro Perez, 17, and Jonno Sanchez, 20, paid fines and were released. Rudolfo Perez, 19, was released from City Jail today.

In other court action, two negroes were fined for disturbing the peace in a public place. And two Latin American youths were fined for being intoxicated and in a fray with several other boys.

One of the youths suffered minor knife wounds. Routine traffic violations made up the rest of the court business.

Addition Made To Herald Staff

Herald Publisher, Frank M. Luecke, has announced that Robert Mann, a 1962 Yoe High School graduate, has assumed full-time duties as Herald news editor.

Mann, 19, has completed 34 semesters hour of work at Sam Houston State College in Huntsville. He will serve as Herald news editor for a year, while attending Temple Jr. College night classes.

Luecke said that the staff changes will departmentalize the news operation of the paper and that advertising and news will be handled more and more on a separate basis. Mr. Luecke is advertising manager, as well as managing editor and publisher.

At Sam Houston Mann was a member of the Houstonian staff, college newspaper and an honor journalism student. He has completed 12 hours of journalism.

Mann served as Herald sports editor and feature writer from 1958 to 1961. He also strung for the Temple Daily Telegram and was a part-time news writer and sports announcer for Radio Station KMLL in Cameron.

Herald former sports editor and ad man, James Hollas, has accepted a position as a cub reporter with the Caller - Times in Corpus Christi, an outstanding Texas daily newspaper.

SOMETHING ABOUT NOTHING.

Ever draw a line in a circle until it formed a zero?

Ever wonder what nothing is?

That circle or zero represents nothing. It could also mean a certain breakfast food, which is no news to alert TV viewers.

But nothing is nought, absolutely without form, value, influence, a vague place to start counting to one from.

You can also count away from nought in the minus signs.

Hardest thing to imagine in the first place is nothing, a void. It's still harder to imagine going from nothing to something less of course science does it every day as a matter of form and necessity. And aren't we in trouble? In more trouble than if we had been left at zero?

A real puzzler is the old saw about parallel straight lines theoretically converging if projected into infinity, a really "big round O!"

It follows that a straight line, like the one you draw to make a circle, finally meets itself in infinity.

People used to believe that the world was flat until Columbus failed to fall off the "end" and discovered the West Indies.

Science long since has proved that the apparent straight line horizon is curved in forming the globe of earth.

It's all a matter of perspective. If you get far enough away from even straight lines, according to this theory, you can find that even straight lines form zeros.

As a matter of interest, and in science's behalf, we propose our far removal from all the circles and zeros to see if we can reverse them into straight lines.

That would be something out of nothing, wouldn't it?

No Such Thing

Innocent Little Blaze

It was a hot, dry afternoon last Sunday and the heat of the 4:30 sun was broken only by an occasional, light breeze from the east, so slight that it was hardly noticed.

When the fire-alarm sounded, a dozen members of Cameron's Volunteer Fire Department dropped what they were doing that peaceful afternoon and rushed to East 12th Street, scene of a small grass fire.

It was only a matter of minutes for firemen Nathan Lewis and Bill Nolan to extinguish the blaze with a few blasts from a fire truck's

Lennan, Linda Ann Brown, Freestone, Barbara Smith, Bell Rebecca Wittenburgh, Lampasas, Mari- anne Cook, Limestone, Joyce Feldman, Falls, and Mary Nell Hoel, Bosque.

Rehearsal will be held at the National Guard Armory, Clifton, Texas at 2:00 p.m., August 31st and a luncheon for the Queens, their mothers and the District Queen's Committee, of which Mrs. V. L. Angell, Cameron, Texas is a member, will be held at 5:00 p.m. at the Cozy Corner Cafe in Clifton following the rehearsal. Mrs. Jack Marrs, Rt. 3, Valley Mills, Texas will serve as rehearsal chairman assisted by Roy Custer, Fieldman for the Texas Farm Bureau.

All Queens of District VIII will be guest of Clark Bolt's RFD TV Program at noon on Tuesday, August 27th. Dr. Gibney Kendrick, State Director of District VIII will be host for a luncheon of all Queens at Stage Coach Inn at Salado, Texas as following the TV appearance at noon.

Mrs. V. L. Angell, member of the District VIII Queen's Committee and Miss Lenora A. Bickett, Secretary of the Milam County Farm Bureau will accompany Miss Linda Ann Ethridge, Milam County Farm Bureau Queen on Tuesday for the luncheon. A number of Miss Ethridge's friends and family and other Milam County Farm Bureau members are planning to attend the District Contest in Clifton on August 31, 1963. Also in Clifton, Texas on August 31, 1963 beginning at 10:00 a.m. a Policy Development Program for all Farm Bureau County Officers and Committee members will be held. Charles Huff, Legislative Director, of the Texas Farm Bureau will discuss Program and Policy Development and TFB V. President J. T. Woodson will be in charge of the meeting.

Soil Tests Pay Big Dividends

By J. D. Moore
Milam County Agent

The study of soil needs will pay county farmers big dividends. The best way to study and test soil needs is by having a soil test run on the soil.

We might be asked if the use of fertilizer will pay. Tests run by Frank Kratochvil this year on cotton showed nitrogen to be low and would require the addition of 30 pounds to make 1/2 bale of cotton per acre. The phosphorus test showed a medium range that would require 20 pounds of phosphorus and the potash content was high.

The soil had a greater potential than 1/2 bale per acre, therefore 60 pounds of nitrogen and 30 pounds of phosphorus were added for a potential of 1 bale per acre crop. A check plot with no fertilizer was left in the field. The unfertilized plot produced 1440 pounds of cotton while the fertilized plot produced 2047 pounds of pulled cotton.

The increase in yield was 506.5 pounds of pulled cotton valued at about \$35.00. The fertilizer cost plus the application amounted to ten dollars. The return on dollars invested amounted to better than \$4.00 for each \$1.00 spent for fertilizer and this was a dry year.

Fertilizer needs will vary from year to year depending upon the annual rainfall as well as the kind of crops grown on the land the previous year.

The use of fertilizer pays off better when used on land previously planted to maize and corn. Soil test taken as soon as the crops are harvested and while the soil is thoroughly dry will hasten the test results.

Authorities do not recommend putting out fertilizer for next years crops until the soil has cooled considerably. In fact a soil temperature of 55 degrees is more ideal to prevent loss of nitrogen and a "tie-up" of some of the phosphorus. Where land is to be bedded and later rebudded it is recommended to wait until the rebidding operation and apply fertilizer at this time.

Best results are obtained when fertilizer is placed in bands at least 4 inches below the level of the seeds. If the fertilizer is banded down in the water furrow after the first bedding operation, then re-bed on top of the fertilizer, placement should be about right for most crops.

Soil test information sheets and card boxes for sending off the samples are available at the County Agents Office.

Milam ASCS Report

Final payments under the 1963 feed grain and wheat stabilization programs are being made at this time. The operator of each eligible farm will be notified by mail when the document for his individual farm is ready for signature and payment, according to Alva E. Sanders, office manager of the Milam County Agricultural, Stabilization and Conservation Service.

Sanders also reports that authorization has been received granting permission to start grazing acreage diverted under the feed grain and wheat programs beginning October 1.

Also requests for ACP cost sharing for Practice D - 1, Winter Legumes, will be accepted beginning Tuesday, September 3. Cost - Sharing will be made for fertilizer, Hubam Clover, Hairy Vetch, Austrian Winter Peas, Dixie Wonder Peas, Common or Williamette Vetch, Melilotus Indica Clover and Madrid Clover. The practice is to be carried out on cultivated land. There will be a limitation of \$200 per producer in requesting cost-shares for this practice, Sanders said.

New Programs Slow Screwworm

Protective measures taken by sheep and goat producers during shearing season can help prevent serious outbreaks of screwworm infestations this fall, screwworm eradication workers have stated. The little extra time and cost involved in treating shear cuts can be quickly regained through savings realized from screwworm-free ranching operations, they say.

Texas livestockmen normally experience a severe buildup of infestations during the fall when wet cool weather is extremely favorable for screwworm survival. Thousands of nicks and cuts caused by shearing serve as potential resting places upon which female screwworm flies can lay their eggs and start new rounds of infestations.

Reports from eradication headquarters at Mission indicate that the native screwworm fly population is quite low at this time. Less than 60 cases have been detected during the same month last year.

With this low population, chances for a fall buildup are considerably decreased, eradication workers point out. However, even a small buildup can hamper eradication efforts, officials said, because sterile flies must be distributed over many widely scattered areas to bring the native population down again, and complete eradication is pushed further into the future.

Livestock specialists recommend that sheep and goats be sprayed after shearing with 0.25 per cent Co - ral or 0.5 per cent Korlan solution and each individual nick or cut be treated with smear. These insecticides will protect animals from screwworm infestations for two to three weeks until the wounds have had a chance to heal.

Animals should be inspected frequently, especially for several

weeks after shearing, to insure that none have become infested. If worm infestations do develop, a dozen larvae from deep within the center of the wound should be collected, placed in water or alcohol and sent to the Mission laboratory for positive identification or given to the County Extension Agent. All remaining larvae should be killed. If the sample is identified as screwworms, additional sterile flies will be airdropped near the infested premises.

"Stockmen have already had a taste of how much easier ranching will be when screwworms are no longer a problem," one eradication official said. "I'm sure they will not want to do anything to jeopardize the early completion of the program, which will allow them to enjoy the benefits of screwworm - free livestock operations year-round."

A Look At SPORTS

BY ROBERT MANN

Bob Dymke, a 1963 Yoe High graduate and Yoemen lineman letterman for three years is back on the Yoe gridiron this season, but in a different uniform.

Bob is assisting Yoemen Athletic Director, George Kirk, as a student coach, with his pre-season football workout.

Dymke, one of those Yoemen who make a coach smile when it comes to training procedure, example setting and all the other good that high school athletes usually trade in for dual carburetors, twin exhausts, and four - on-the floor, will attend Baylor University this fall where he has high hopes of playing some baseball next spring.

As a Yoemen diamond starlet Bob's pitching arm was an asset to Cameron for about three years. Although he will not be on scholarship, colleges usually recognize athletic talent and act accordingly - giving the student a financial lift when tuition payment time rolls around.

Back to the football and student coaching idea.

WOODUM NAMED DORM COUNSELOR FOR FALL TERM

Jimmy Woodum, a 1962 Yoe High School graduate, has been named a student counselor at Sam Houston State College where he will be a sophomore this fall.

Woodum will serve as a freshman counselor in Roy Adams Hall, according to R.E. Gilmore, dormitory director and head counselor, Staton Tompkins of Houston.

He will have charge of about 15 freshman students in an upstairs wing of the modern five year old structure located just a few blocks from the Sam Houston main campus.

Woodum has completed 33 semester hours of work at SH and will continue his studies there in Physics and Business Administration.

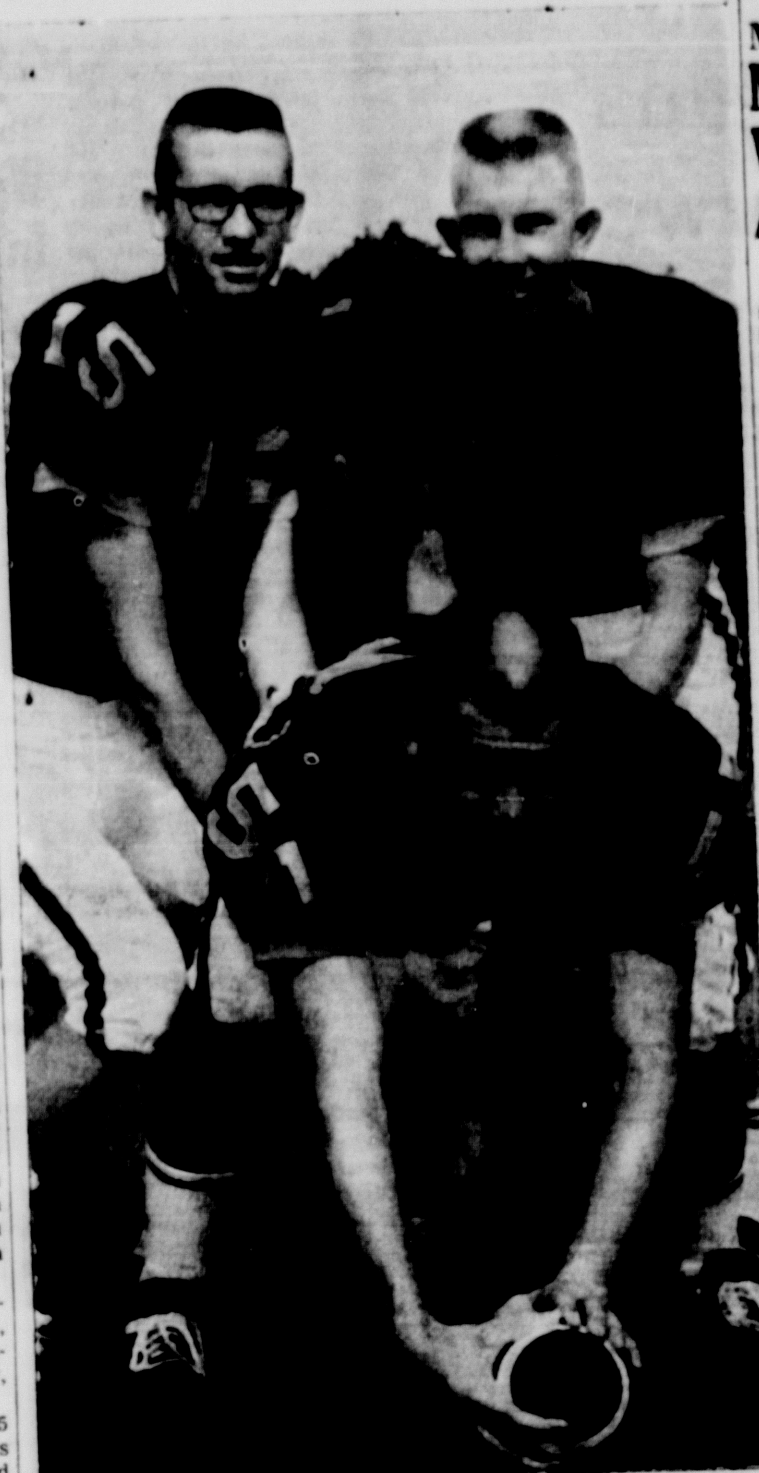

Hilltop Lakes City Opens Golf Course

The Central Texas Hilltop Lakes Resort City has won immediate acceptance from golfers who have played on its Rolling Hills Golf Course.

The Resort City, still not fully developed, hosts a combination of tourist and vacation activities that are bringing visitors from all over the state.

Golf Pro Dudley Bell said that a great many golfers are coming in by car and plane to play on the new fairways. The flyers are accommodated with a private landing strip near the resort city.

A tournament formally opened the Rolling Hills fairway. Participants came from Houston, Mexia,

YOE QUARTERBACKS — The two young men standing above will lead the Cameron Yoemen through the 1963 gridiron season via the quarterback position. Left is Mack McKinney, sophomore and right is Dick Ponder, a junior. Center is Mike Perrin, a junior.

39 Out Cameron Squad Is Outlined--Kirk

Yoemen new head athletic director, George Kirk, has released the following thumbnail sketch of each individual Yoeman for the 1963 gridiron season.

Kirk said that thumbnail sketch of each player as given below will give fans an opportunity to get a bird's eye - view of what is in store for them come football season.

Dick Ponder — five - eight, 140 lbs. — Dick is a junior and played some varsity ball last year and is a good ball handler and passing ability is improving each day. Tough kid, plays defensive right halfback. One year letterman.

Mack McKinney — QB — sophomore, six-one, 153 lbs. — Lettered last year as a freshman and doing a pretty good job for a sophomore and is improving every day.

Donald Manley — QB — freshman, five - eight, 132 lbs. — BroUGHT him up from B team and will probably end up playing some ball for us. Tough as a boot.

Clark Wohleb — HB — senior, five-six, 159 lbs. — Played guard and defensive end last year and we switched him to tailback this year. Has been doing good job and is a tough runner.

Dennis Jistel — HB — Junior, five - ten, 149 lbs. — Just switched from end and looks like a number two tailback. Moves quick.

Craig Wallace — HB — Senior, five - eight, 166 lbs. — Lettered two years but has been bothered by pulled muscles this year.

Laurence Laffere — HB — Junior, five - ten, 156 lbs. — Lettered one year but has also been hampered by injuries this year.

Mike "Bull" McDaniel — Sophomore, five - ten, 183 lbs. — Is number one fullback right now and runs hard. Doing good job on defense.

Douglas McFarland — FB — Sophomore, five - ten, 151 lbs. — Came out a little late but is coming along now.

Larry Plenti — Wingback — Senior, six - one, 156 lbs. — Lettered last year as a junior and is a good blocker and defensive man.

Mike Perrin — center — Junior, six - one, 169 lbs. — Good blocker and good defensive line-backer. Lettered last year as a sophomore end. Only center letterman.

Larry Paul Manley — Center — and outstanding linebacker — Junior, five - nine, 155 lbs. — Plays regular outside linebacker on defense.

R. L. Mikulec — Guard — Senior, five - ten, 155 lbs. — Will play strong side guard. Lettered last two years. Is quick and a good blocker.

Clifford Evans — Guard — Junior, five - eight, 154 lbs. — Lettered last year as a sophomore. Type boys coach calls a "plugger", not spectacular but will work his guts out.

George Bowman — Guard — Junior, five - ten, 162 lbs. — Lettered last year as a sophomore. Type boys coach calls a "plugger", not spectacular but will work his guts out.

Mike Koranek — Tackle — Senior, six - one, 190 — Palys strong side tackle and defensive guard. Strong boy and good defensive hand.

August Dohnalik — Senior — five six, 180 lbs. — Is a tough boy and good defensive man.

Ronnie McWilliams — Senior six - two, 178 lbs. — Pretty good blocker and pass receiver.

Merlin Lester — Senior — six-four, 164 lbs. — Good pass receiver and a pretty good defensive hand.

Larry Hillman — Senior — six - three, 190 lbs. — Hasn't been out in three years and is green but should help us a lot by district time. A quick - side tackle.

Charles Wise — Junior — five-ten, 146 lbs. — Late getting started and will play guard and defensive line backer — a plugger.

Gridironers Deep In Grid Practice

The Cameron Yoemen pre - school football training has brought 39 varsity potentials to the gridiron during the past ten days.

Yoemen head coach, George Kirk on the threshold of his first season as a Yoeman, was all smiles at the large turnout of football potentials.

One senior Yoeman remarked, "This is more boys out for football than we've had in a long time."

The squad began twice a day workouts at 8 a.m. Monday, Sept. 19, and finished about 10 a.m. Evening workouts began at 7 p.m. and closed around 9 p.m.

Kirk told the Herald, "We took these boys along slowly at first, until we felt that everyone is ready to hit hard. Most of these boys spent the summer under an air conditioner and we didn't want to hurt anyone because of the heat."

He also said time and place of the pre-season Yoemen scrimmage game would not be released to the public due to scouting circumstances that had developed with other opposing teams.

Kirk added that all boys out for football would be given his chance to "Show his stuff" and that present performance not past lettering experience, would determine his starting lineup.

The first varsity game is scheduled for Friday, September 6 in Rosebud against the Black Panthers.

Kirk's charges are working in three units. Besides his 39 varsity members, consisting of boys of a sophomore level and above, some 26 freshmen are out for the B team.

Kirk said that only freshmen boys would be eligible for the B team, or 9th grade team.

The 9th graders will also face a ten-game schedule beginning Sept. 9th in Moody.

Kirk's coaching staff consists of Raymond Bennett, starting his second season as a Yoemen gridiron mentor; Bob McQueen, a Temple product; and Nick Greer, a recent Stephen F. Austin graduate.

The following list of 39 Yoemen was released by the staff:

Dicky Ponder, Mike Koranek, Kenneth Angell, Ronald McWilliams, Eugene Wallace, Robert Moraw, Dennis Jistel, Merlin Lester Lloyd Seaton, Frankie Mikulec, Gary Litzman, Bobby Schiller, Robert Evan, L.J. Matula, Mike Dunston, Donald Manley, Mack McKinney, Laurence Laffere, Frankie Dornier, Craig Wallace, Clark Wohleb, Mike McDaniel, John Duffy, Larry Plenti, Doug McFarland, Larry Paul Manley, Mike Perrin, Glen Hughes, R.L. Mikulec, Cliff Evans, Ronald Dohnalik, George Bowman, Larry Hillman, James Hosch, James Voegelsang, Charles Wise and Lewis Dohnalik.

Mr. Jack Hughes, principal of Yoe High School has announced that August 9th, 10th, 11th and 12th grade student who did not register Monday or Tuesday may do so Friday, August 30th from 8 to 12 a.m. at the high school.

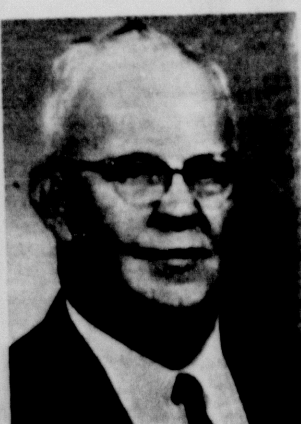

Mr. Hughes emphasizes the importance of registration so that a student schedule may be set.

Rockdale's Alcoa Gives 143 Acres To Country Club

Clear title to 143 acres of land was given to the Rockdale Country Club recently by Alcoa.

Joe Yates, manager of Alcoa's Rockdale Works, presented the gift to country club treasurer, Harold Lucky and Bill Cooke, President of the club.

The land gift was preceded by a cash donation of \$7,500 which Alcoa earmarked to help underwrite the cost of building a club house and swimming pool.

"The Rockdale community has more that demonstrated its desire for a golf course by pitching in and building one of the finest courses in Central Texas on land originally leased from Alcoa," Yates said, adding, "With this sort of enthusiasm for the project, it is only fitting that we give the group clear title to the 143 acres of which the golf course is situated. I am sure it will expand the recreational opportunity for people in this area."

The course will be opened for playing on August 31.

The Fruit Of Self - Development

Cameron has the rare experience of seeing a self-vitalization program coming to fruition without the seeds of civic despair. Numerous good things are developing in Milam and Cameron, apparently the high sign for municipal growth and area agriculture improvement.

EXAMPLES — Remodeling of the corner building at Houston and Main into a new specialty store, a brand new US 77 from Cameron to the Falls County line, several new homes abuilding around the community, continued improvement in crop production through fertilizer use, bank deposits cresting at a near historic peak, improvement of the city dam on Little River, continuation of a street paving program, opening of a new seed cleaning plant, a bigger resthome, among other things.

There is a patient pattern, a steady gait in these things that follows a five-year program of expansion and improvement that has touched every phase of civic and economic life.

We can look ahead confidently, because we can look back proudly. The record of civic improvements gathers luster in the knowledge of building two churches, a new church meeting hall, an armory, a hospital, new streets, more than a 100 new sewer and water connections, new water and sewer plants, Little League field, expansion of the Cameron library, two new restaurants, better highways across the expanse of Milam County, an improved courthouse exterior, expanded country club facilities, remodeled businesses, dozens of new homes, housing project, and many other features.

These things do not come easily nor too quickly. But they serve as guideposts to the potential of this historic area.

Many other important projects await this community and this area's doing. But their doing will be easier for knowing these other things have been done.

AMA Suggests Training

The sports pages of the nation's newspapers are turning rapidly from a summer of baseball reporting to writing about the 1963 football season.

Football is back again. Fall training in the high schools and colleges is either already under way or will be in a few days.

Along with the organized teams millions of American youngsters are swarming the parks and vacant lots for afternoons of kicking and punting. And the bumps and bruises are piling up on the practice field and sand lots of every village and hamlet. Most of these minor injuries aren't serious and are borne with pride by the eager athletes.

Each year, however, there are serious injuries from football, even a few deaths. Not many, when considered in relationship to the great numbers of players involved, but still a health problem. Many of the injuries are unnecessary and could be avoided.

The basic safety rules for football are few and simple proper physical condition before beginning the rough body contact phase of training is essential. The body hardened by training will resist injury and will be less prone to fatigue. Any ex-grinder will tell you that he was much more prone to injury when he was too tired to be fully alert.

Careful coaching leads to skillful performance and fewer injuries. If your boy is on regular school team, chances are he will be taught the fundamentals. The athletic who knows how to block and tackle in the right way is much less likely to get hurt.

Good officiating makes for more enjoyment of the game and also for fewer injuries. The referee who knows his job and knows how to control the game adds much to the fun and safety of the sport.

Proper equipment and facilities are highly important to safety. If your son is playing this season, satisfy yourself that he has proper padding, a good helmet, proper shoes. If his equipment is old and worn see that it is replaced.

Medical care that is readily available also is important for football safety. Not all teams will be able to have a physician present at all practice sessions, but medical services should be quickly available. The physician is best qualified to judge whether an apparently minor injury is more serious than it appears.

"WHEW!"

...IT'S BEEN HOT!"

"And I've really been busy keeping you folks cool"

Weeks before the official first day of summer, June 21, many Texas thermometers had already topped the 100-degree mark and the temperature has been soaring to record-breaking readings almost weekly since then.

Yes, our summer weather arrived early, but thanks to air conditioning, the heat has been a little more bearable for the thousands of people who have given Reddy Kilowatt the job of removing heat from their homes and providing mountain-cool comfort.

So, if your electric service bill is a little higher than usual, consider how much more work Reddy is doing night and day to keep you comfortable. *Electricity is still the biggest bargain in your household budget!*

Dateline Austin Board Studying High Education

By Vern Sanford
Texas Press Association

AUSTIN, Tex. — Gov. John Connally's Committee on Education Beyond the High School has its eye on tuition-free colleges and "super universities."

Also being looked upon with favor are Texas junior colleges and vocational schools. Committee is searching for a way to meet education needs in the next decade.

Task is made difficult by the need for 900,000 new junior and senior college graduates by 1974.

The prediction, called "conservative" by committee member Gifford Johnson, Dallas industrial leader, includes 450,000 four-year college graduates, and 440,000 graduates of two-year schools.

Right now the total enrollment in 19 of the state's four-year colleges and 34 private senior colleges totals 175,000. Junior college enrollment in 35 state junior colleges and 10 private schools is 37,200.

If these students all were to graduate, they would produce about half the number of graduates needed in the next four years. But Johnson said the problem is — many won't graduate. There is a big drop-out problem in colleges and an even bigger drop-out problem in the grades below college level.

Johnson stated that only 54 percent of the students enrolled in the third grade in 1953 graduated from high school in 1963.

What to do about drop-out problem, which Governor Connally has called "one of the most critical problems of the decade?" Both Johnson and committee member Tom Sealy of Midland, as well as other members of the committee which is composed of some of the state's most powerful citizens, recommended more and better counseling through all the high school years and college.

"If students aren't encouraged to stay in high school and perform well, they don't have a chance," Johnson said.

His concept of free colleges and state universities which would admit only the top 15 per cent of high school graduates brought a lot of favorable comment from the committee. But Chairman H. B. Zachry of San Antonio warned all that this was just the preliminary to a preliminary report. Final report to Governor Connally is not due until August, 1964.

POLL TAX CAMPAIGN ON — Governor Connally will kick off the League of Women Voters' campaign for repeal of the poll tax with a speech on September 9 — the day the women launch a two-month drive for repeal of the tax.

November 9 is the date voters will decide whether to strike the poll tax requirement for voting from the State Constitution.

Vice President Lyndon B. Johnson, Sen. Ralph Yarborough, Sen. John Tower, congressmen and state legislators are being invited to the September 9 meeting in Austin.

NEW REGIME — Commissioners of two brand-new state agencies were sworn into office, as well as the man who will take Attorney General Waggoner Carr's place on the State School Land Board, Judge Wilson Fox of Taylor.

New commissioners are Loan Regulatory Commissioner Frank Miskell, and Parks and Wildlife Commissioners, Will Odom of Austin, chairman, J. M. Dellinger, of Corpus Christi, and A. W. Moursund of Johnson City. All four have been trying to keep up with new roles and heavy commission agendas at the same time.

PARKS BOARD BOWS OUT — State Parks Board held its last meeting just a few days before being replaced by the Parks and Wildlife Commission. But it could not transact any business since it couldn't get a quorum.

OLD PHILOSOPHER

Philosopher Favors The Test Ban Treaty On One Hand And Opposes It On The Other Hand

Dear Editor:

Although Congress hasn't asked me for my opinion on the test ban treaty and I don't think I could get away from this Johnson grass farm at the moment anyway to testify—it's not that I have anything to do here, but when it comes to not doing anything, this is the place to have it happen, not in Washington. — I have decided to go ahead and state my views.

I did this after reading about the experts who have been testifying. The way I see it, when one group of scientists with all the facts says it's wise to sign the treaty, and another group with the same amount of facts says it isn't this opens the door to anybody what I mean is, if the same set of facts can lead to two exactly opposite views, facts aren't as important as people claim and this allows me, as I have about as few facts as anybody and half the time I don't know what this does to the old and respected saying that a man isn't entitled to an opinion till he has the facts. If facts are going to lead to confusion, a man might as well take the short cut and be confused without them.

But to get down to my opinion. I'm not sure of this, but it may be some nuclear scientists want to keep on testing bombs for the same reason some kids want to keep on testing firecrackers. A firecracker is to shoot, a bomb is to explode. Everybody knows that.

On the other hand, the testers claim they need to keep on testing to figure out a missile that'll destroy another missile before it lands. When you look at it that way, and try to picture the job of shooting down 1,000 missiles flying at us from Russia at 15,000 miles an hour in the middle of the night during a snow storm, you begin to see you are getting more facts than a man can handle.

Milam Residents Urged To Attend Tourist Meeting

Longview — Milam County citizens are invited to an East Texas Chamber of Commerce district tourist meeting on Tuesday, Sept. 10, at the Holiday Inn in Waco, according to Charles F. Hawn, chairman of the new tourist committee.

The former Highway Commissioner states the meeting will be open to all persons interested in a definite plan of action for the development of greater tourist activity in East Texas.

"This meeting has been called to allow more citizen in the county to learn about and take part in this vitally needed program," Mr. Hawn added.

The Dutch-treat luncheon preceding the September 10th meeting will be by reservation only. Those interested should contact Tourist Development, East Texas Chamber of Commerce, Longview, Texas.

W. P. Hogan, Gaither Motor Company, Rockdale, is the area's representative.

Take your problems to Church this week —

millions leave them there!

What's At The Center?

What is it that may make one person's countenance shine and glow with confidence, good will, kindness and contentment while another's may reflect bitterness, cynicism and resentment — even though the two be associated in the same endeavor, labor or profession, and even though they be cast in the same environment?

Perhaps a look at what the motivating center is like will reveal the answer. If the center hole of a record, upon which a beautiful piece of music is recorded, be moved ever so little the new center will cause the record player to give forth hideous noises instead of the beautiful music intended and which would have been reproduced had the proper center been used.

The center of the life of the person with the glowing countenance is his Creator. His life is therefore in tune and harmonious. The other person has crowded out the proper center and moved in its place selfish desires.

A church in the life of any person will help provide the true and proper center. Select one and attend it regularly.

License Plate Cost Compares Favorably With Other States

Austin—License plates for Texas motor vehicles are produced at the lowest comparable cost of any state in the Union, the Texas Highway Department said today. State Highway Engineer D. C. Greer said a report compiled by the Vehicle Administrators showed that Texas' delivered price on its 1962 license plates was only 14.2 cents a pair—lower than any other state making two plates per month vehicle both manufacturing and freight charges needed to get the plates to County Tax Assessor Collector offices all over the state. The 1962 figures are the latest available.

The Highway Department supervises the production of license plates, which are manufactured by prison labor at the Huntsville State Prison. Forty other states also use prison labor to make license plates.

Rosebud Editor Is Co-Chairman

John Kilgore, editor of the Rosebud News, is co-chairman for a reception honoring George A. Bolas of New York City that is scheduled for September 6.

The reception will be held in the Officers Club at Fort Hood. Program Chairman is Jim Greshman, publisher of the Killeen Daily Herald.

Bolas is a former Chicago advertising agency executive and is the new owner and president of the SCW, Inc., producers of advertising art for newspapers.

Burlington Picnic Planned For Sunday

The annual Burlington Picnic, sponsored by St. Michael's Church, will be held Sunday, September 1, at Burlington Hall.

Games, refreshments, and a supper consisting of sausage and chicken, will be part of the day's activities. Supper will be served from 4 to 8:00 p. m. A child's doll house will be given away in the afternoon. Gene Morgan and the Availables, well known Central Texas dance band will play for a dance that night which will end the day's activities.

Services Held For Floy Holt, Age 69

Funeral services were held Sunday at 5:00 a. m., August 25, for Floy Holt, negro, who died the preceding Wednesday.

Holt, 69, of Rt. 4, Cameron, is survived by three sisters and three brothers; six children, four step children; and eleven grandchildren.

Burial was in Milam Grove Cemetery, Rev. I. C. Greer officiating.

Maysfield School Starts Tuesday

Maysfield school officials have announced that school will begin Sept. 1st.

All pupils are urged to attend first day classes so a general estimate of enrollment can be made. Lunch will be served the third and school will last from 8:30 to 3:00 p. m.

Reverend Witte is married and has two children, Pamela, 9, and John Bryon, 4.

Large Number Of Rogers Graduates Attending College

Rogers — The number of the graduates of Rogers High School entering college or university each fall continues to increase. The following people are among the large number planning to join or rejoin the college ranks in September, with Temple College continuing to be the goal of a large percentage of them:

Temple Junior College: Carolyn Kotrla, Georgia Vasicek, Edwin Simmek, David Wright, Linda Martin, Dwayne Chlappek, James Crygar, Linda Keith, Thomas Williams, Carol Frits, Ace Dyess (transferring from SWTSC), Kalya Baca, Johnny Chervenka.

The University of Texas: George Underwood, Johnny Kopecky. South west Texas State College: Glenda Mayfield, Abiline Christian College: Ronnie Tyler.

Texas A&M University: Curtis Bedrick, John Tarleton College: John Gunter, Texas Woman's University: Molly Ann Gunter, Texas Christian University: Peggy Green.

Buckholts School Resistration Set

Leon Brady, Buckholts School Superintendent, has announced that registration for all students except first graders will be held Friday August 30 from 9:00 to 11:00 a. m.

Brady also announced that a driver's education course will be offered all students over 14 years of age, at a fee of five dollars.

The Howard Chevrolet and Implement Company is furnishing the driver education automobile. Don Hodges, a recent North Texas State University graduate, will teach the course.

Hodges, beginning his first year at Buckholts, will assist Head Coach Jimmy Hawk with the baseball and basketball program.

Brady said that the school day would be from 8:30 to 3:30 p. m. He also reminded all parents of beginning first graders that a birth certificate and immunization will be required for each child before enrolling.

Pastor Called To Rogers Baptist

Rogers — The First Baptist Church here has called a new pastor, Reverend John E. Witte, now pastor of First Baptist in Milford, according to Alton Green, Chairman of the Pulpit Committee.

Witte will move to Rogers immediately and assume his duties September 1.

Witte is a 1958 graduate of Baylor University; he will receive a divinity degree from Southwestern Baptist Seminary in Fort Worth during January of next year.

He has served as pastor at Little River Baptist in Bell County; Hope Baptist Church near Yoakum; First Baptist in Comfort; Oak Lawn Baptist in Waco; and has been in Milford since 1961.

Reverend Witte is married and has two children, Pamela, 9, and John Bryon, 4.

Cameronite Strikes Parked Grain Truck

Mrs. Ruth L. Staley, of 809 West Main, suffered minor injuries last week when her car collided with the back end of a parked trailer truck on highway 36 (4th street) in Cameron.

Mrs. Staley was treated for minor cuts at St. Edwards Hospital and released.

Cameron police reported that her windshield was fogged up and vision marred. She veered into the far right lane and struck the truck, owned by Glenn Eugene Jackson of Tohoka, Texas.

Mrs. Staley was traveling east, toward Temple when the accident occurred. No traffic citation was issued.

Police estimated about \$200 damage was done the Staley car, a 1959 Chevrolet sedan. And about \$30 to the truck.
